Dear General:

It was good to get your letter of 1 September and I am asking our people to look into the various persons you mentioned. It was good of you to bring them to our attention.

I am off for Europe in a few days but when I get back, toward the end of October, I hope that we can get together as I should like to hear more about your trip.

Sincerely,

Charles A. Willoughby  
Major General U. S. A. (Ret.)
